

MULTIPLE USE CONTAINERS / ORGANIZATION AND STORAGE

GLASSES RACKS, DISHES RACK, CUTLERY RACK

BASKETS have perforated walls that ensure better washing and perfect drying, with the reduction of limestone formations.

GLASSES RACKS. Perforated anti-chalk accumulation walls make for perfect washing and drying. The tops come in different colours to help identify the type of glass or wineglass contained.

DISHES RACK. Plates are secured safely on special pegs.

EMPTY RACK. For bulky objects outside normal standard sizes.

CUTLERY RACK. Vertical and adjustable to the empty baskets.
