

PALLET / LOGISTICS AND HANDLING

PALLET MY-E 1000x1200 WITH THREE STEEL BARS WITH RUNNERS - HEAVY PAYLOADS

The new version of PALLET My-E 800x1200 is molded in one piece. The sleepers are perfectly vertical, so optimal for use in automatic handling and storage. The loading area is made up of T ribs, the corners are rounded without any sharply edge, and it is set for RIFD and Barcode printing. The peculiarity of this pallet is the opportunity to improve their performance thanks to the insertion of three steel bars in the three runners. The pallet can be supplied with or without perimeter borders. The pallet is made by high-density polyethylene and is available in the industrial black version and in the non-toxic white one.

Static Capacity: 4500 Kg (The capacity is valid for filmed charge equally distributed on the pallet surface).

Dynamic Capacity: 1500 Kg (The capacity is valid for filmed charge equally distributed on the pallet surface).

Capacity on RACK: 900 Kg (The capacity is valid for filmed charge equally distributed on the pallet surface).

Weight: 16,3 Kg

Color: Ecological Black Food Contact Neutral Custom Product (for minimum lot)

Material: RPE PE
